

## Thank You and Acknowledgements

The National Council of Nonprofit Associations and the Nonprofit Congress wish to thank the Leadership Working Group for their efforts in brainstorming, researching, and reviewing leadership programs around the country. Without their hard work, this report and all subsequent efforts would not be possible. We also wish to thank those who took the time to be interviewed or responded to questions about the leadership programs they coordinate. Their experience and knowledge continues to aid others in walking the path of nonprofit leadership development.
